The balance of the ticket gets a good majority in Clay, and we believe that Clay is all O. K. Hurrah for Clay!

Hickory township has come up from only 37 majority a few years ago to 88 this year. This shows a good healthy growth. The Republicans in Hickory are harmonious and enthusiastic, and they are doing good missionary work for their party in that section. They should, and no doubt will, receive every encouragemet in the good work and go on and on making conversions to their cause until they make their ma jority 150 at last.

Benton also ac quitted herself unusually well in the Re-publican piurality rolled up, which this year reaches 144 against barely 66 two years ago. This is a phenominal growth, and deserves the very highest praise. She also behaved herself well on the judicial race, giving Mr. Turpin 115 plurality. Hurrah for grand old Benton township!
